

University of Notre Dame

Department of Mathematics

Mathematics Teaching Seminar

Speaker: Heather Hannah, East Central University

Title: Your first real teaching experience

Date: Tuesday, February 6, 2007

Time: 4:45 – 5:35 pm

Room: 231 Hayes - Healy Hall

Abstract: This year I was on the selection committee to hire a tenure-track professor in our department. Using this experience, in the seminar we will discuss what to do (and what not to do!) to be considered for a teaching position at a small college or university. Then after you have the job, what differences can you expect? Teaching these students will take more thought and a different kind of commitment than working in the graduate school environment.
