ACTORS FROM THE LONDON STAGE

# KING LEAR

Witness the magic as five of London's finest actors bring Shakespeare's legendary tale of betrayal and madness to life.

Dividing his kingdom among his three daughters, an aging King's cataclysmic error in judgment plunges his family and kingdom into an abyss of suffering and chaos. Shakespeare's towering tragedy explores the fundamental aspects of humanity and relationships: love, dignity, duty, and betrayal. Intimate and explosive, tender and heartrending, *King Lear* is a supreme masterpiece and a triumph of dramatic imagination.
