

Academic Services for Student-Athletes

ACADEMIC ALL-AMERICANS

The College Sports Information Directors of America (CoSIDA) annually recognizes 816 outstanding student-athletes who achieve excellence on the playing field and in the classroom. Since its creation in 1952 as the premier college scholar-athlete awards program, over 14,000 student-athletes have been named Academic All-America Team members. Student-athletes are named to six men's teams (football, soccer, basketball, baseball, at-large and track & field/cross-country) and six women's teams (volleyball, soccer, basketball, softball, at-large and track & field/cross country). Click [*here*](#) for selection criteria and additional information about this program.

The University's total number of CoSIDA Academic All-Americans (152) ranks second highest in the country.

1952-53	Joe Heap	Football
