

Academic Services for Student-Athletes

Summer Session

Students can register for summer classes through Web Registration, accessed on IrishLink, in the middle of March. Summer PINs can also be accessed on IrishLink and are available a couple of weeks before summer registration. Grant-in-aid student-athletes **must** talk with their coach about their plans to attend summer school and receive confirmation that their scholarship will be applied to summer costs. A student-athlete may receive a scholarship to cover summer costs **only** at the same percentage as the student-athlete's scholarship during the previous academic year.
