Welcome to the latest issue of the *IFRT Report*, No. 56, Spring 2005. With this issue we begin a new quarterly schedule. Our goal is to provide both pre- and post- conference issues for both Annual and Midwinter meetings.

Once again, we encourage you, our readers, to submit reports, articles, news, columns, reviews and anything else related to intellectual freedom which might be of interest or help to other readers of this publication. Lastly, if you are not a member of the IFRT why not consider joining at "How to Join the Intellectual Freedom Round Table". Our dues are cheap (\$15.00) and our cause is just!
