

University of Notre Dame Engineering Week 2008

Overview

For the first time ever at the University of Notre Dame, Engineering Week will become a battle for glory between departments in the College of Engineering! On each day of the week, a competition will be held and points will be rewarded based on participation and performance. When all events are completed, the department (AME/CBE/CEGEOS/CSE/EE/FYS) with the highest cumulative point total will become the proud recipient of the Engineering Week Championship trophy! Prizes will also be awarded to the individuals and teams who win the daily events.

Event Registration

To register, e-mail Ryan Milligan [rmilliga@nd.edu] with your name/year/major/event/teammate(s).
Note: Students can participate in multiple events, but departments are penalized points for forfeits.
Note: Everyone on a Kool-Aid Pong or Trivia team must be in the same department (or all freshmen!)
The registration deadline for all E-Week events is Sunday, February 10.

Event Schedule*

*Formats (single-elimination, round-robin, etc.) will be determined after registration.
