
Linking to Hesburgh Library resources

Below are four kinds of resources to which you can link, and most require you to log into the network (once during a session). To add a web link to Concourse:

1. Click the “Build” tab and go to the page where you want the item to appear
2. Click “Add Content Link”
3. Select “Web Link” and click “Create Web Link”
4. Enter a “Title” (text that will appear on the page) and type in or paste a “Web Address”
5. Click “Save”

Electronic Reserves

1. If you don’t have electronic reserves, request them at <http://www.library.nd.edu/reserves/>
2. After your reserves are set up, find the link at <https://www.library.nd.edu/reserves/ereserves/>

Sample: https://www.library.nd.edu/eresources/ereserves/course.cgi?course=2005S_ERS_101_01

Databases

1. Go to the library home page <http://www.library.nd.edu/> and click the Databases tab
2. Choose a database using the alphabetic list or browse by subject (NOT the search box).
3. Click this icon  to the right of the database name to view its ND catalog entry
4. Right-click “Click for ONLINE ACCESS” (control-click on a Mac) and copy the address. It is a permanent link.

Sample: <http://eresources.library.nd.edu/databases/eric>

Custom Page of Resources

1. Contact your subject librarian - <http://www.library.nd.edu/subjects/>
2. Request a custom web page for your course, including links to databases and articles.
3. Your page will be created and you will receive an address

Sample: <http://www.library.nd.edu/course-pages/psych/psy30160rev2.shtml>

More: <http://www.library.nd.edu/course-pages>

Electronic Journal Article

1. Go to the “Article Linker” page:
http://www.library.nd.edu/eresources/find_journals/articles.php#tab_artf
2. Fill in the required fields and click “Search”
3. Click “Get a permanent URL for this page” at the bottom of the FindText window

Sample: <http://link.library.nd.edu/gwwfv>
