

## Instructors and TAs:

On the following pages you will find various listings of the Fall 2009 courses and their assigned administrative assistant. Please note which assistant is assigned to the course in which you are instructing or TAing. The assigned assistant is here to help in any course situations that might come up this Fall.\* Please make a note that the policy we would like to up-hold is to receive items that need to be copied **2 days** prior to your needs. I realize that there are times when shorter notice can not be helped but we encourage you to honor the 2 day policy. Along with the multiple courses that the administrative assistants organize they also have other departmental duties.\*\* Please try to uphold this 2 day policy.

\*Some questions may seem course related but fall under a different umbrella such as the grader assignments (Judy), course web sites (Judy), room reservations (Robin) etc. These should be directed to the appropriate assistant currently doing that job.\*\*

Any work, other than your course work or jobs mentioned below, should be brought to me for distribution to the appropriate available assistant. This is to not overload any particular assistant.
