- No student shall be required to take more than two final exams in one calendar day or more than three exams in a 24-hour period.
- Any student with exam conflicts must contact his/her dean at least one week before the start of the final exam period to allow for sufficient time to resolve the conflict.
- When two exams conflict, priority will be granted to the larger class. When class size does not determine the outcome, lower-numbered courses usually take precedence over higher-numbered ones.
